2. (略)

読みの書き編 第18課

I. (p. 278)

B. 1. 家庭教師です。2. 力仕事です。3. 「洋服が買いたい」です。4. はい、違います。

II. (p. 280)

B. 1. 大学のそばのワンルームマンションです。家賃は一月五万円です。2. 家庭教師をしたり、大学の食堂で働いたりしています。ときどき、引っ越しの仕事もします。3. いいえ、私です。4. いい学生じゃないと思います。よく遅刻したり、授業をやぼったりするからです。5. 先輩たちと親しくなれたし、彼女に会えました。6. 勉強しなくてはいいけません。

読みの書き編 第19課

I. (p. 286)

A. 1. (略) 2. a. 夏 b. 春 c. 冬 d. 秋
 C. 1. 大学の授業でいそがしかったからです。2. お姉さんと一緒にテニスをしたり、お兄さんとしょろをしたりしたことを思い出します。3. 自分で漢字を勉強しようと思っています。4. 来年大学を卒業したら、日本にもどるつもりです。

II. (p. 288)

B. マリアさんは今カリフォルニア大学で政治を勉強

しています。卒業したら、日本の大学で政治学を勉強したいと思っています。バクさんは日本の大学院で電気工学を研究しています。――

- 1) バクさんは日本語の試験のためにどんな勉強をしましたか。
- 2) 奨学金を申し込みたいのですが、どうしたらいいですか。
- 3) 留学生がアルバイトを見つけるのはなぜ難しいですか。

読みの書き編 第20課

I. (p. 293)

A. 1. 150年から200年くらい前（広重は1797～1858年、東海道五十三次は天保4～5年[1833～34年]刊行。） 2. 茶店 3. 小判（慶長小判）、首の金 4. 落語
 C. 1. いなかに行って、古い物を安く買い、江戸でそれを高い値段で売っていました。2. 三軒両建てした。3. 猫といっしょに猫も持っていたことだったからです。4. 三軒で買いました。5. いいえ。6. 家に置いておくとおふないからです。7. 茶店の主人のほうがかしこいです。

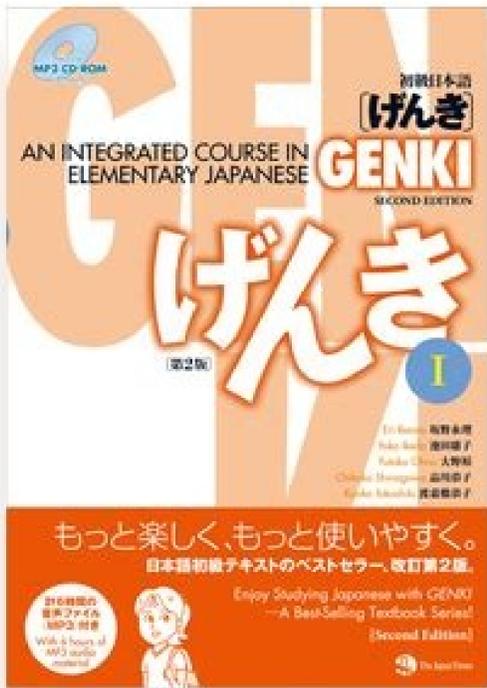

II. (p. 297)

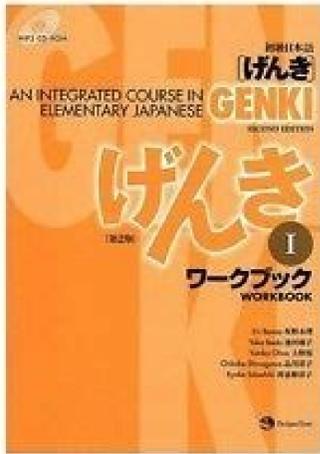

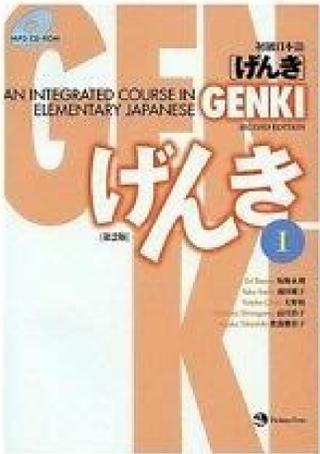

A. (解答例)
 (1) 男の子が、パンを買いに行きました。パンを買おうと、男の子はお金を払わないで、走って行ってしまったので、お店の人は男の子の家まで追いかけてきました。男の子のお母さんがパン屋さんに金を払いました。男の子はお母さんにお金をもらっていたのですが、私うのを忘れてしまったのです。
 (2) 雨が降っているので、男の子はたばこ屋の前で待ちました。お母さんがかさを持って迎えに来てくれるはずですが、まだ雨は降っていますが、男の子は走っておもちゃ屋の前に行きました。お母さんがおもちゃ屋さんで、何か買ってくれるかもしれせん。

読みの書き編 第21課

I. (p. 300)

C. 1. (1) 台風で家が壊れてしまいました。(2) 倒っていた犬に死なれました。(3) 急に重い雨が

**PDF (NOT PHYSICAL COPY)
GENKI I TEXTBOOK + WORKBOOK + ANSWER KEY
AUDIO FILES INCLUDED**

Genki is that first step to taking that beginner's curiosity a bit further. when I saw the book in my local, Japanese bookstore, in plain English, I had to buy it. Besides, Genki also makes a book to help beginners with their kanji. One major reason is because Japanese can be intimidating as hell! There are symbols you can't make heads or tails of, and conversations that sound more like you just stepped off an alien mothership than an American Airlines flight (with less than ideal service). When I started studying Japanese, Genki was like a book from heaven. I could probably create a list a mile-long, but instead let's talk about seven reasons this Japanese Textbook is arguably the best in its class: 1. Nobody likes to be negative, but when you're doing a Genki One Textbook Review, it's absolutely necessary to discuss some of the book's bad points:1. You do have to tack on a little bit for the work book (which I think is ABSOLUTELY necessary should you study with this series).It falls slightly higher on the price range as far as textbooks go. But you pay once and benefit many times over. Not a recurring fee like say, a Japanesepod101SUPPORTThis is the ultimate weakness for one of the ultimate Japanese textbooks. If you're studying on your own, even when you buy the teacher's manual and have the answers (which I did), you ARE still gonna have questions...In a classroom that's using Genki, it's no problem because you have a teacher to go to for explanations.It kinda feels like you're out of luck if you're a Genki self-studier Please note that this post does contain affiliate links, and I do get commission when you purchase from links on this page. This would be 90%. If you want to get the most out Genki, I HIGHLY recommend bundling the two. The Genki Workbook5. Or, you can find classes that match your work schedule. Click the button, enter your name & emailPrefer video reviews over written ones? The Japanese is spoken at a speed that beginners can understand without making you feel like a simpleton.It's also pretty cool that Genki uses an mp3 CD (would you believe that some Japanese textbooks are still using compact discs?!! There's nothing wrong with that, as the hand-holding can be a great safety net when you first get here.It's fine until you actually have to communicate for yourself, in Japanese, away from the shelter of your eikaiwa bubble. The Yomikakihen Section4. Genki is a bit light on expressions and Japanese that you might hear out in the wild (on a train, in a grocery store). While you will pick up a ton of useful Japanese, there are so natural expression gaps. I have had one, too. This workbook allowed me to have fun embracing my mistakes. I felt like I was being coddled. You would think that with all the stuff I've said about it, it would cost a fortune. But the good thing is...it's crazy reasonable! This is what I paid when I bought at my local bookstore.\$49.98 Genki Japanese I Textbook and Companion CDs\$24.99 Genki Japanese I Workbook\$67.99 Genki Japanese I Teacher's Manual and CDs\$41.69 Genki Picture Cards on CD RomKeep in mind, that Genki has discontinued the physical CDs in favor of a mp3 disc that's far cheaper. EXPECTED MORE FROM THE KANJI SECTIONThe kanji section of this book leaves a lot to be desired, but I think that's for a reason. No two people have the same study methods, either, so you can end up getting all kinds of conflicting advice when you start out. It was the first book, after having tried several other create-type books, that gave me the training I needed to start producing basic language sourced from my own brain. The listening on the beginning audio files give a voice to many of Genki's interesting characters. NEEDS MORE "REAL-WORLD" JAPANESEWhile Genki rocks overall, this is one small gripe that I had after having looked at the Nihongo Matome series to prep for a JLPT test. Being able to quickly and easily get your listening on your smart phone is an essential. It's a solid course that delivers. My final rating falls just below what Amazon rates it at. I give Genki One 4.5 out of 5 stars. With this being Japan and all, I figured the time would come to have speak for myself. In 2008, it was a pleasant surprise to know that several American universities were using the very same book to teach their introductory, Japanese 101 courses. If this book focused on everything it would be overkill for a beginner. The workbook lessons give you an opportunity to write down your thoughts and ideas through simple Japanese exercises. You'll write answers to so many questions using hiragana, katakana, and basic kanji symbols. Genki played a big role in that. I didn't do all of my test prep with Genki, but I did go through Genki I and II before I ever passed N3. COMPLETE Beginners! If you can't speak a lick of Japanese...and I do mean none! Not a single solitary word, not an "arigatou," not a "konnichiwa." Students who learn best by reading and listening. Textbooks ain't your thing? I can't say that I think or dream in big blocks of text. The Genki MP3 AudioThis is the other part of the course that really stands out to me. "When I started on my Japanese journey, I chose this textbook after doing a bit of research. But if you're just getting started, it still might be the perfect book for you! A lesson is broken into four parts: 1) Dialogue, 2) Vocabulary, and 3) Grammar, and 4) Practice1) Dialogue - This 12-lesson textbook has dialogues that build as you go. The first one comes immediately after the grammar section of the main textbook. Genki takes basic Japanese grammar rules, explains them thoroughly, simply, and in plain English so you can understand.There are also straightforward examples of these grammar rules written in plain English. 4. I think the pictures on this page might give you a sense of what I mean: These pictures are a mild example of the tone that the Genki takes. Dry teachers! You know, the kind of teacher where even if you take a nap before class, you still feel like your eyes are gonna roll back into your head from boredom. JLPT TakersYes I know many of you out there want to get Japanese certification (I've passed N3 and N4). Kana are such a big part of being able to propel your Japanese. It was an incredible way to go from nothing to something in a relatively short period of time (four to six months). GENKI TEXTBOOK REVIEW: MY FINAL TAKEBecause the textbook provides value above and beyond what you pay. 3. The second (nitty gritty practice) comes from the corresponding unit in the workbook. Well, that's a tough question for me to be a objective about, but this being a review and all...screw it!If I had to pit Genki against any other popular textbook/software out there, from Pimsleur, to Japanese for Busy People, to Rosetta Stone, or anything in between, here's what I say:As an intro to Japanese Genki One would heat or provide serious competition for even the best beginner textbooks on market today. By the time you finish the workbook, you'll be better than you think. Predictable Lesson Structure! like that Genki lessons don't throw any super-weird curveballs. You get to start learning hiragana, katakana, and kanji basics in a way that is useful. Lazy Bums in my best Mick voice (Rocky's original trainer): "Don't be a bum!" Textbooks don't read or study themselves. Some of them I've corrected, some of them I haven't. Predictable Lesson Structure3. Save the big blocks of text and super serious reading passages for the upper intermediate and advanced levels. A Book With a Sense of Humor7. 6. Click the button below to see my full video review of Genki I: An Integrated Course in Elementary Japanese. Mistakes Are Okay! - I can't tell you how many screw ups I have in this book. Sort of... Genki is crazy effective at helping you learn polite, 丁寧な日本語 (what I like to term "まっ" style) Japanese.While this isn't a bad thing, knowing casual Japanese is important, because that's how native speakers on TV, and the natives all around you (if you live in Japan) will speak. PRICEGenki is a great value for a one-off price. The early dialogues have full English translations and even kanji with hiragana (small hiragana characters written above or below kanji symbols to make reading simpler) to get you used to seeing basic characters.2) Vocabulary - Each lesson has a list of useful, theme-based, vocabulary words. I wish you nothing but the best! I know learning Japanese can often seem frustrating or even intimidating. Not cool!Luckily, Genki is a textbook that keeps lessons and exercises fun and light-hearted. Or you can Genki click this link and have Genki One sent right to your doorstep via Amazon. Some of the pictures are giggle-worthy. What makes Genki I such a popular textbook?The Genki WorkbookThis is where I really started to feel like I might be able to improve, that I might have a chance to fully express myself in Japanese someday. Still need to see a bit more before deciding if Genki is the right fit for you? Some of the words come from the dialogue you listen to at the beginning of the unit.3) Grammar - This is where Genki shines in my humble opinion. What do you do when there's no staff member to speak for you? But it's the funny stuff that makes the Japanese stick 7. Super informative, but in a fun & interesting way. It's something that you won't get from a phrase book, and once you start speaking and hearing Japanese on a regular basis, you'll encounter conjugated verb forms all the time!4) Practice - There are essentially two areas to practice what you're learning in the instructional sections of Genki. A Genki Textbook Review | Level: BeginnersCLARITYGenki was the first textbook I ever used and it literally took me from knowing almost nothing to being functional.There are very few textbooks that are and clear and as intuitive as the Genki I textbook. This is, without a doubt, one of the clearest, easiest-to-understand presentations of elementary Japanese that I've ever seen.EFFECTIVENESSIs Genki One Effective? Yep, I've been there, too. NOT ENOUGH EMPHASIS ON KANAThis is one of the biggest takeaways you should be able to pull from a beginning Japanese resource. A Book With a Sense Of HumorYou know one of my honest-to-goodness pet peeves? It's the ultimate Japanese textbook for beginners.GENKI ONE REVIEW: THE WRAP UPIf you're just kicking things off with Japanese. Even though I am a proud Genki One owner and user, Genki doesn't get any special treatment here...time to pick it apart. True Blue Tourists- If you are sincerely just visiting and you don't plan on coming back or doing any extended stays, those Lonely Planet phrasebooks may work better.Genki is a much more thorough look at Japanese and takes time to digest and internalize. I still make them to this very day 5. I needs more "Real-World" Japanese2. The person who wants to take Japanese classes but can't find a school that offers good ones in your area. Genki is Loaded With Pictures!To some of you reading this, you may be thinking this sounds a bit juvenile, but I have to wholeheartedly disagree with you there. Genki is A Non-Intimidating Intro To JapaneseWhy is it that some people who live in Japan choose to scrap learning the language altogether? Here's why the textbook is cool!!It's Gets You Writing About You - I REALLY enjoy how this textbook asks you questions that get you thinking about Japanese that's relevant to your own life.The Exercises Don't Suck Monkey Toes - Nothing turns me off a book more than when the exercises are dry, dull, or lame. Genki's workbook is actually interesting.It's A Workbook With a Sense of Humor - Any text book that mentions hangovers, breakups, and even cutting class is my kind of book! It's serious Japanese that doesn't take itself too seriously. My mind conjures pictures. In addition, I think the pictures make Japanese so much less intimidating. Another great option to get started learning Japanese is Japanesepod101. It's pretty good stuff: EVERY GOOD JAPANESE TEXTBOOK HAS NEGATIVES...Even the popular Genki One Textbook. Not Enough Kana Practice3. The beauty is, when you go back and re-read, you can get a great idea of where your Japanese was, and how much you've improved. While I can't say that every point was crystal clear after reading a grammar section (I would have to ask Japanese friends to help on occasion), the vast majority of them were crystal clear.Sections that explained the conjugation of - "る," "う," and irregular verbs were pure platinum to me. Yes, it can be fun, but it requires effort & regular review. You get an inexpensive, easy-to-understand intro to Japanese that tells you like it is. For the beginner, you know what to expect in each and every lesson. Yes...in 2019! (I kid you not). Here's a demo lesson. But, I think not focusing on kana allows the textbook to focus on other important parts of the language. Why not listen on the go? For those of you living in Japan, I've seen Genki in nearly every major bookstore chain that I've walked into (usually it's in the test prep area for foreigners). 2. Expected More From The Kanji Section 1. Please note that the prices I paid in my local bookstores may not reflect Amazon's prices, but you will still get WAY MORE value than what you're paying.Yes. BUT I say this with a huge, glaring caveat! It was the best book for ME to learn Japanese as a complete and utter newbie. IS GENKI STARTING TO SOUND PRETTY GOOD TO YOU?That's good! If it already sounds like a book that will GENUINELY help you improve, then you may want to try it. It's the same great educational content at a fraction of the price. Total Cost \$184.65Definitely worth every penny that I paid! The cool thing about Genki is if you don't want to buy everything at once, buying in chunks is just fine, and your local bookstore should have Genki. The CD6. Walk away? Despite the cons we discussed earlier, there are very few books that successfully accomplish what Genki does. So I'd say in the B+ to A- range if we were giving school grades.If you're looking for a solid resource that can make even some of the trickier basic Japanese concepts plain, try Genki I: An Integrated Course in Elementary Japanese. One reason I walked away from eikaiwa teaching was that I seldom had the chance to use Japanese. The Yomikakihen SectionIn addition to the 12 lessons, you have 12 supplementary yomikakihen (読み書き練習 - よみかきへん - reading and writing) lessons that go along with each unit. Semi-Beginners Maybe you started learning a little but you want to dig deeper. This predictable structure gets improving, and building your Japanese skills step by step, lesson by lesson. Genki is a Non-Intimidating Intro To Japanese2. The Genki workbook and textbook go together like peanut butter and jelly. Want To Learn More About Genki One? I literally knew a few Pimsleur phrases and that was it. GENKI TEXTBOOK AMAZON RATING On Amazon, The second edition of the Genki One Textbook received a strong 4.6 out 5 stars! That's a very strong indicator of how much people like the book in general. Students Who Love VideoAt the time of this writing, Genki does recommend a textbook companion site that does have some video lesson content.However, those videos absolutely pale in comparison to the textbook's quality and utility. Unless you have a power 1 don't know about, just having the book won't make you better.Genki is work. Loads of Pictures 1. So this con definitely isn't a deal-breaker for me.While I do feel like the textbook didn't place a large emphasis on the kana symbols you DO get to make up for it in the workbook.
